3. Partnership with Parents

So, how can you join us in engaging the mind, nurturing the heart and empowering the hands of your child?

Parent Partnership Tips for EL

- Cultivate the love for reading
- Role model for your child in spoken and written English all the time
- Help your child discover the love for learning.

Parent Partnership Tips for Math

- Make learning of Mathematics fun and relevant
- Let your child do the thinking...
- Focus on the process, not the answer
- Practise use of appropriate Mathematical language

This is
wrong.
The
correct
method
is...

- ✓ Where and why are you stuck?
- ✓ How have you solved similar questions in school?
- ✓ Let's see how you arrived at the answer.
- ✓ How can we be sure that this answer is accurate?
- ✓ Is there another way to solve this?
- ✓ How can we do this better?

Parent Partnership Tips for MTL

- Reinforce good learning habits
- Role-model MTL (Converse with your child and Learn with your child)
- Encourage your child to keep a “MTL Vocabulary Bank”
- Join the MTL storytelling sessions at community libraries

Parent Partnership Tips for PAM Subjects

- Encourage your child to express himself / herself freely
- Affirm your child's interests and efforts
- Engage in a discussion with your child about things they have done, learnt or created in PAM lessons
